Annual Interdisciplinary Quantitative Biology

BOOT CAMP

DRUG DISCOVERY AND DEVELOPMENT

January 4–15, 2016

Center for Integrative Proteomics Research
Rutgers University • Busch Campus • 174 Frelinghuysen Rd • Piscataway, NJ 08854-8076

WHO: All students (undergraduate and graduate), staff, and faculty

WHERE: Center for Integrative Proteomics Research ("Proteomics"), Busch Campus with trips to some of Rutgers’ state-of-the-art facilities

WHY: This two-week immersive program will be *very* educational and fun!

HOW: Be part of an interdisciplinary team by registering for this 2-credit Pass/Fail Winter Session course on both the IQB@R website and also on Rutgers’ Winter Session website. Space is limited and participants will be accepted on a first-come, first-served basis. Space permitting, you may also participate by dropping in to learn about individual topics of interest.
