Sakai
Favorites Set-up

Favorites tabs in Sakai must be set-up by the user. The step-by-step instructions below will guide you through the process and allow for easy access upon future log-ins.

1. Access Sakai at sakai.rutgers.edu. Log-in using your NetID or Email address.

2. Click Sites on the top right corner of the screen to view your accessible sites.

3. Click on the star to the left of the course title to select it as a favorite.

4. Click anywhere outside of the sites box to exit the sites screen. A box will appear in the center of the screen asking you to reload to see your updated favorite sites. Once you reload your favorite sites will appear across the top of your screen.
